New Darwin Hybrid Tulips

These new Darwin Hybrid Tulips are most exceptional because of their exciting brilliancy of colors, fabulous size and splendid stature. They are absolutely the largest Tulips raised to date, their recent introduction caused quite a sensation among the Dutch growers and in preparing the present revision of the Tentative List of Tulip names, the Tulip-Committee has thought it wise to make a new Sub-Division (9a) for these wonderful Tulips, results from a crossing between Darwin Tulips x Tulipa Fosteriana.

APELDOORN. A magnificent introduction producing very large, oval-shaped flowers of orange-scarlet with black base edged yellow, very enchanting. 3 for 65c; 12 for \$2.10; 100 for \$14.00.

GEN. EISENHOWER. A gorgeous and unique variety with brilliant scarlet, goblet-shaped flowers, a wonderful hybrid of striking beauty, outstanding for vigor which gives it exceptional lasting qualities, one of the best in this section. 3 for 70c; 12 for \$2.40; 100 for \$16.00.

GUDOSHNIK. Colored creamy peach with deep rose edging on margin of petals, interior shiny buttercup-yellow with black anthers and purple base. 3 for 70c; 12 for \$2.40; 100 for \$16.00.

The Lovely Garden Beauty - *Holland's Glory*

Magnificent flowers of colossal dimensions, its color is a warm dazzling scarlet of remarkable beauty and has great lasting qualities, the large gigantic flowers have broad massive petals, are of refined finish and are held on very strong stems. In our opinion destined to become a leading variety for garden decoration, 3 for \$1.00; 12 for \$3.75; 100 for \$25.00.
